

Your first practice exam in any subject is free!

## PROCTORED DIAGNOSTIC PRACTICE TESTS

NYS REGENTS | AP | DIGITAL SAT | ENHANCED ACT

### DIAGNOSTIC TESTS

Diagnostic reports provide more than section and cumulative scores. They include an analysis of the student's performance, offering actionable insights that students can use on their own or with a tutor to improve their score.

### HOW TO TAKE A TEST

#### 1) At Curvebreakers' office with a proctor

<u>Saturdays</u>	<u>Sundays</u>	<u>Select Wednesdays</u>
9:00 AM*	9:00 AM*	6:00 PM
1:00 PM		

- The digital SAT is 2 hours 15 min
- The ACT is 2 hours 5 minutes without science and 2 hours 45 minutes with science
- Regents Exams are 3 hours

\*Students with extended time may sit for the 9 AM tests.

Schedule a free, in-office test online by using the QR code or call (516) 728-1561.

#### 2) On Zoom with a live proctor

Call (516) 728-1561 or email us at [learn@curvebreakerstestprep.com](mailto:learn@curvebreakerstestprep.com) to request an at-home or Zoom-proctored test.

### Why is the first practice test free?

Curvebreakers strongly advises students to carefully compare the results of their SAT and ACT practice tests before deciding which exam to officially take. Making these tests free encourages students to make informed decisions based on their performance data and preferences.

This process is what is referred to as our **Guided SAT vs. ACT Choice Assistance**. You're invited to review your results with the owner of Curvebreakers in a no-pressure consultation to discuss how to reach your goals.

The same principle is true for Regents and AP practice tests. Taking full-length tests helps determine which content areas and question types need more work before the real exam.

**To learn more, call the office at  
(516) 728-1561.**

### HOW TO CONTINUE TAKING FREE PRACTICE TESTS

Students enrolled in **SAT and ACT classes** take practice tests throughout their courses to gauge progress.

Students with **private tutoring packages** may take **unlimited practice tests** as needed.

Students who do not qualify for any more free practice tests may take **additional tests for \$65 each**.
